HOME CARE LINE - TECHNICAL DATASHEET

DISINFETTANTE BUCATO PIÙ

Germodis HOME CARE

DISINFETTANTE BUCATO PIÙ disinfects laundry by hand and in the washing machine, leaving it soft, fresh and fragrant. It softens natural and synthetic textile fibers after normal washing with liquid and powder detergents.

DISINFETTANTE BUCATO PIÙ acts directly on the microorganisms responsible for the formation of unpleasant odours, fighting the organic fermentations that generate them and ensuring always a scented laundry. The strongly residual and stable active ingredients guarantee a complete disinfection even in cold water and with minimal dosages, reducing consumption and waste.

Its concentrated formula with components of vegetable origin has a reduced environmental impact: it does not contain phosphates and is biodegradable.

APPLICATIONS

DISINFETTANTE BUCATO PIÙ is indicated for disinfecting, softening and perfuming all types of laundry: ideal for white and coloured fabrics, for delicate garments in natural and/or synthetic fibres, does not discolour or felt, does not damage metals and rubber.

It is particularly suitable for garments that require frequent disinfection.

INSTRUCTION FOR USE

In the washing machine: pour 50 ml into the suitable tank at the start of the rinse.

By hand: pour 50 ml into 10 liters of cold water. Leave to act for 15 minutes and rinse.

PACKAGING

Internal code:	Primary packaging:	Secondary packaging:
H010E	1000 ml bottle	Box containing 12 bottles

Barcode	ITF	Box size (mm)	Pallet composition
8009110025608	08009110025608	335 w x 253 d x 301 h	40 ctn (4 floors x 10)

All primary packaging is made of high polyethylene density (HDPE) according to the specifications provided by the Pharmacopoeia. This material does not contain allergens and is perfectly compatible with all components of the formulation.

HOME CARE LINE - TECHNICAL DATASHEET

DISINFETTANTE BUCATO PIÙ

COMPOSITION

100.0 g contain: Biphenyl-2-ol 0.5 g; Alkyl-benzyl-dimethyl-ammonium chloride 1.5 g; parfum; coformulants; deputed water q.s. to 100.0 g.

PRODUCT FORM

Milk white liquid with a pleasant scent.

BIODEGRADABILITY

Detergent compliant with EC Regulation n. 648/2004.

ACTIVITY

Quaternary ammonium salt in synergy with Orthophenylphenol guarantees a broad action against Gram-positive, Gram-negative bacteria and fungi.

TEST

EN1276; EN1650; EN13697; PATCH TEST.

VALIDITY

5 years. The indicated period of validity refers to the product in its container and properly used and stored

HOW TO STORAGE

Store in a cool, dry place, away from heat sources.

QUALITY CONTROL

The components (raw materials, containers, labels, etc.) and the processing steps of each lot are regularly and carefully checked internally following the procedures of the Organization Quality Management System certified UNI EN ISO 9001.

AUTHORIZATIONS

Italian MOH Registration No. 19.560.
