TECHNICAL DATASHEET

MULTIUSI GEL DISINFETTANTE MANI

MULTIUSI GEL DISINFETTANTE MANI is used for the quick disinfection of clean hands. It is very useful in travel and out of the house and in any occasion where it is not possible to wash your hands. MULTIUSI GEL DISINFETTANTE MANI is indicated for the disinfection of the hands of medical and paramedical staff before and after contact with patient and for those who attend hospital environments (surgeries, medical departments, emergency rooms, laboratories). Preventively can be used if you come into contact with patients and potentially infected objects. Also suitable in the food sector for the disinfection of the hands of operators.

MULTIUSI GEL DISINFETTANTE MANI is ready to use, dries quickly and leaves hands fresh and soft. It contents 70% by Volume of Alcohol.

PROPERTIES

Disinfection of hands in the absence of water at home, in the food sector and in hospital environment.

INSTRUCTIONS FOR USE

MULTIUSI GEL DISINFETTANTE MANI is used without water. Pour a small amount of product (at least 3 ml) directly on the hands and rub until complete drying. Not requires rinsing. Evaporates quickly.
