HOME CARE LINE - TECHNICAL DATASHEET

DISINFETTANTE BUCATO

Germo HOME CARE

DISINFETTANTE BUCATO of the Germo Home Care Line is a liquid disinfectant without whitening agents and it is indicated for the disinfection of laundry by hand or washing machine. It does not felt and does not discolor tissues. Its dermatologically tested formulation is indicated for the laundry of whole family and also for the laundry of children.

DISINFETTANTE BUCATO of the Germo Home Care Line is the ideal product to disinfect cotton, wool, silk and delicate clothes. Furthermore, by eliminating fungi, bacteria and allergens, it acts directly on the microorganisms responsible for the formation of bad smells by fighting the organic fermentations that generate them and guaranteeing always a fresh and fragrant laundry. DISINFETTANTE BUCATO of the Home care line is effective even at low temperatures, it does not contain phosphates and it is possible to use with a minimum dose: with only 50 ml of product the laundry will result to be disinfected and the washing machine sanitized.

DISINFETTANTE BUCATO is a perfumed disinfectant for the laundry. Its particular formulation based on Quaternary Ammonium Salts, without whitening agents, guarantees a good level of disinfection preserving the integrity of tissues and colors, leaving a pleasant scent.

A regularly use of the product help to sanitize drains and the washing machine.
DISINFETTANTE BUCATO does not damage rubber and metals.

INSTRUCTION FOR USE

In the washing machine: pour 50 ml into the prewash compartment without adding it to the detergent which should instead be placed in the wash compartment.

By hand: pour 50 ml every 10 liters of water during soaking.
