HOME CARE LINE – TECHNICAL DATASHEET

ADDITIVO DISINFETTANTE OXY

ADDITIVO DISINFETTANTE is a liquid additive of the washing that disinfects, stains, whitens and eliminates bad smells.

ADDITIVO DISINFETTANTE must be added to normal detergents for hand and machine washing of all clothing. Based on active oxygen, it is indicated for the laundry of the whole family and, in particular, for the clothing of children and the elderly.

ADDITIVO DISINFETTANTE is indicated to remove stains from whites and colors tissues and acts against stains and germs, eliminating up to 99.9% of bacteria. It also affects the organic fermentations responsible for the formation of bad smells. It stains white and colored. Respect tissues and colors. Active already at 30 °.

INSTRUCTION FOR USE

DISINFECTANT:

In the washing machine: add 100 ml of product in the suitable compartment and do a 30-minute pre-wash cycle, then proceed with the normal washing cycle with detergent.

By hand: add 50 ml of product in 4 liters of water. Soak for 30 minutes. Proceed with the normal washing, adding the detergent and rinse.

WHITENING:

Add to the detergent about 100 ml of product and proceed with the normal washing cycle. In the case of stubborn stains, pour about 2 ml on the stain, rub, leave to act for 5 minutes and proceed with normal washing in the washing machine.

For delicate tissues or when in doubt, try the product first on a small part.

PACKAGING

Internal code:	Primary packaging:	Secondary packaging:
H011	900 ml bottle	Box containing 12 bottles

Logistic data			
Barcode	ITF	Box size (mm)	Pallet composition
8009110025707	08009110025707	335 l x 253 p x 301 h	40 boxes (4 floors x 10)

All primary packaging are according to the specifications provided by the Pharmacopoeia. The materials do not contain allergens and are perfectly compatible with all components of the formulation.
