HOME CARE LINE – TECHNICAL DATASHEET

CURA LAVATRICE

DISINFETTANTE DETERGENTE CONCENTRATO CURA LAVATRICE helps sanitize the washing machine and drains, eliminating bacteria and fungi. It ensures a deep clean, removing dirt and detergent residue.

Germo[®] HOME CARE

DISINFETTANTE DETERGENTE CONCENTRATO CURA LAVATRICE, thanks to the active ingredients in its formula, it eliminates unpleasant odors and leaves a pleasant fragrance. It contains no phosphates, leaves no residue, and does not damage rubber or metals.

DISINFETTANTE DETERGENTE CONCENTRATO CURA LAVATRICE it's practical and quick to use and is suitable for all types of washing machines. With a low environmental impact, effective even at low temperatures and with short wash cycles, it helps save time, water, and energy.

HOW TO USE

Each bottle contains two 125 ml doses.

Remove the detergent dispenser and soak it in a basin with 5 ml of product per liter of water for 15 minutes. Clean the dispenser cavity of any residue before reinserting it into the washing machine. If necessary, use a cloth soaked in the same solution to remove residue from the rubber door seals. Pour the remaining amount of product into the washing machine and run a short wash cycle, making sure the drum is empty (without laundry). We recommend using Washing Machine Care once a month. Do not use in combination with other soaps or detergents.

PACKAGING

Internal code:	Primary packaging:	Secondary packaging
H015	250 ml	Box with 6 bottles

Logistical data			
Barcode	ITF	Box size (mm)	Pallet composition
8009110026575	18009110026572	143 w x 141 p x 180 h	280 boxes (7 floors x 40)

All primary packaging complies with the technical specifications required by the Pharmacopoeia. The materials do not contain allergenic substances and are perfectly compatible with all the components of the formulation.
